## 2024 Concrete Pit Slab Rental Agreement

**2023 Slab Renters have until March 1, 2024 to renew their slabs after March 1, 2024 slabs are on a first come first basis.**

I \_\_\_\_\_ understand that I have a one year rental agreement on a concrete slab that has been assigned to me for the 2024 racing season at White Mountain Motorsports Park (WMMP).

If for any reason I cannot attend a race during the 2024 season, or if for any reason I am suspended or banned from competition at White Mountain Motorsports Park, I do fully understand that I shall have no rights to said slab. *I also understand that slabs are not transferrable and only rented to me on nights that my division is scheduled to race.*

The fee for a one year concrete slab rental is \$150.00 and those wishing to renew slabs from the previous season have until March 1, 2024. After March 1, slabs will be on a first-come, first-serve basis.

**Starting in 2024, rentals DO NOT include any events where Supermodifieds are scheduled and are not guaranteed for any PASS and/or ACT events. Officials will try to accommodate teams as much as possible during these events but available spaces will go on a first-come, first-served basis.**
